STAT

Thank you for your letter of 5 November outlining your qualifications for a position with this organization.

We process a very large number of applications for positions as radio operators and must determine, of course, those whom we consider most suitable for existing vacancies, the number of which is not sufficient to accommodate even a major portion of the applicants. While the training and experience you indicated in your letter appear to be considerable, a determination was made that other applicants were better qualified.

Your application is being retained on file, and should occasion arise to consider further your desire for employment with this Agency, we shall contact you.

Sincerely,

*Slone - 014 ER 11/17/49*
